INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan

Opinion
We have audited the financial statements of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditor's Report on the 2022 Financial Statements
The 2022 financial statements of the Plan were audited by predecessor auditors whose report dated October 12, 2023, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2022 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 **Description of the Plan**

The following brief description of the Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1985, to qualify as a defined contribution for Herbalife International of America, Inc.'s and related employers' (collectively the Company) eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Principal Trust Company (Principal) acts as the trustee and custodian for the Plan. Principal Life Insurance Company is the record keeper for the Plan.

Eligibility

All employees of the Company are eligible to participate in the Plan except for those represented by a collective bargaining agreement, nonresident aliens who do not earn income which constitutes United States source income, leased employees, employees located in Puerto Rico, individuals considered independent contractors and any self-employed individuals. Employees become eligible after completing 30 days of service. There is no minimum age requirement to be a Plan participant. Entry dates are the first day of the month after the employee meets the eligibility requirements.

Safe Harbor Elections

The Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and testing schedules and meet the applicable safe harbor requirement. If the Plan meets the safe harbor requirements it is not subject to certain discrimination tests required by the IRC.

Contributions

Under the terms of the Plan, participants may make pre-tax elective deferral contributions up to 75% of their annual compensation subject to the limitations set forth by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also have an option to designate all or any portion of their contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

Note 1 **Description of the Plan - Continued**

Contributions - Continued

The Plan includes an automatic enrollment feature, whereby eligible participants are automatically enrolled in the Plan with a minimum deferral rate of 6%. The deferral rate increases 1% each year until the participant's deferral rate reaches 15%. A participant may elect to have a higher or lower deferral rate or can elect to opt out of the Plan.

The Company makes a matching contribution which qualifies as a safe harbor contribution. For the year ended December 31, 2023, the Company made a matching contribution of 100% of elective deferrals on the first 3% of deferred compensation, and 50% of elective deferrals in excess of 3% of deferred compensation up to 6% of deferred compensation.

The Company may also make a profit sharing contribution at the discretion of the Company. The Company did not make a profit sharing contribution during the year ended December 31, 2023.

Rollovers
With the consent of the Plan administrator, participants are permitted to deposit distributions received from other qualified plans (rollovers) without incurring federal or state income taxes and penalties.

Participant Accounts
Each participant's account is credited with the participant's contribution, Company matching contributions, and allocations of Company discretionary contributions, if any, and plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (loses) or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed.

Vesting
Participants are 100% vested in their elective contributions and earnings on such contributions.

Note 1 **Description of the Plan - Continued**

Vesting - Continued

Vesting in the safe harbor matching contributions and related earnings is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less Than 2	0%
2 or More	100%

Vesting in the employer discretionary contributions and related earnings is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less Than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or More	100%

Forfeitures
Forfeited non-vested accounts can be used to reduce employer contributions or to pay administrative expenses of the Plan. During the year ended December 31, 2023, the Plan used forfeitures of approximately $277,100 and $75,000, to reduce employer contributions and pay administrative expenses, respectively. As of December 31, 2023 and 2022, unallocated forfeited non-vested accounts that remained to be used by the Company totaled approximately $50,000 and $51,000, respectively.

Payment of Benefits
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are age 59 ½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum.

Note 1 **Description of the Plan - Continued**

Payment of Benefits - Continued

Upon termination, a participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution. Any distribution greater than $1,000 but less than $5,000 that is made without the participant's consent will be rolled over to an individual retirement plan with an affiliate of Principal Life Insurance Company.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest based on prevailing interest rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. The Plan allows one outstanding loan.

Plan Administrative Expenses
Certain administrative expenses are paid by the Company unless otherwise paid by the plan. Expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant accounts and are included in administration expenses. Additionally, Plan recordkeeping fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The accompanying financial statements were prepared on the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 7, 2024, the date the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 **Summary of Significant Accounting Policies - Continued**

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Delinquent or defaulted notes receivables from participants are written off as deemed distributions at the end of the quarter following the quarter in which the default.

Payments of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. The guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 **Investment Valuation and Income Recognition - Continued**

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust Funds: Valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

Pooled Separate Accounts: Valued at the NAV of the units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value based on the value of the underlying assets in the pooled separate account.

Note 3 **Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023	
	Level 1	**Total**
Registered Investment Companies	**$ 119,048,924**	**$ 119,048,924**
Common/Collective Trust Funds Measured at NAV [(a)]	**-**	**223,322,791**
Pooled Separate Accounts Measured at NAV [(a)]	**-**	**27,552,422**
Total Investments, at Fair Value	**$ 119,048,924**	**$ 369,924,137**

	2022	
	Level 1	**Total**
Registered Investment Companies	$ 109,592,098	$ 109,592,098
Common/Collective Trust Funds Measured at NAV [(a)]	-	180,664,808
Pooled Separate Accounts Measured at NAV [(a)]	-	24,511,495
Total Investments, at Fair Value	$ 109,592,098	$ 314,768,401

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 **Investment Valuation and Income Recognition - Continued**

The following presents additional information relative to the investments reported at net asset value as of December 31, 2023 and 2022:

The pooled separate account investment funds are subject to the redemption frequency of one transaction per thirty-day period. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the pooled separate account investment funds as of December 31, 2023 and 2022.

The Principal Stable Value Fund common/collective trust fund offered in the Plan is subject to certain redemption restrictions. The investment is subject to a deferral of redemption requests of up to twelve months at the plan level, at the discretion of the trustee. There is also a plan level redemption notice period of twelve months. At the participant level, transfer of assets to another competing fund must be held in a non-competing fund for a minimum of 90 days before being transferred to a competing fund. There are no unfunded commitments as of December 31, 2023 and 2022.

Note 4 **Party-In-Interest Transactions**

Certain Plan investments are managed by Principal and an entity related to Principal. Principal is the trustee, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Principal, other investment custodians and investment advisors.

Note 5 **Tax Status**

The Plan has adopted a non-standardized form of a pre-approved plan sponsored by Principal Life Insurance Company. The pre-approved plan provider has received an opinion letter from the IRS as to the pre-approved plan's qualified status dated June 30, 2020. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

Note 5 **Tax Status - Continued**

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants will become fully vested and non-forfeitable.

Note 7 **Subsequent Events**

Effective January 1, 2024, the Plan has been amended and restated to increase the Company matching contribution to 100% of elective deferrals on the first 4% of deferred compensation, and 50% of elective deferrals in excess of 4% of deferred compensation up to 6% of deferred compensation.
