Herbalife International of America, Inc. - Employee Benefit Plans

Form 5500 public-disclosure report: EIN 95-3954565, plan years 2009-2025

Prepared 13 Oct 2026 (ET) from U.S. Department of Labor EBSA public Form 5500 data. All figures are as filed by the plan sponsor; nothing was estimated or imputed. Blank cells mean the item was not reported. Dollar amounts are USD.

1. Executive summary

Two plans are filed under EIN 953954565 (no other Herbalife sponsor EIN found in EFAST2 or the DOL datasets):
• **PN 001 - Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan**: participant-directed 401(k)/profit-sharing plan, recordkept by Principal Life (Sch C 'contract administrator' every year 2009-2024; Principal group annuity contract 421883 on Sch A). Net assets grew from $47,470,878 (EOY 2009) to $416,873,534 (EOY 2024); the EFAST2 index shows $462,369,403 EOY 2025 (PY2025 filing received 5 Oct 2026, not yet in the bulk datasets). 2024: employer contributions $10,746,511, participant deferrals $21,151,036, rollovers/other $1,960,365, benefits paid $51,000,178, admin expenses $296,151. Auditors: Leslie/Lesley Thomas Schwarz & Postma (LTSP) through PY2021; Marcum LLP for PY2022 (Marcum later shown as terminated on the PY2023 Sch C); Insero & Co. CPAs for PY2023-2024. Audit opinion code was 3 (limited-scope disclaimer) for 2009-2017 and 1 (unmodified) from 2018 on. Sch R (2023-24) shows a design-based safe-harbor 401(k).
• **PN 501 - Herbalife Benefit Plan** (welfare wrap plan: health, life, dental, vision, temporary and long-term disability, death benefits, other). It files Form 5500 with Schedules A and C but **no Schedule H/I** (no trust; benefits paid from the employer's general assets and/or insurance). Medical was **fully insured** through about 2015 (UnitedHealthcare/PacifiCare and MetLife in 2009; Anthem Blue Cross 2010-2013; Cigna 2014-2015), then moved to a **self-funded medical plan administered by UnitedHealthcare** from 2016. Evidence: UHC Services is listed as 'claims processor' on Sch C from 2016 ($846K in 2016 rising to $1.64M in 2021), stop-loss contracts are on Sch A from 2016 (UHC 2016-2023, Everest Re 2024), and Optum Rx (PBM) shows $7.61M direct compensation in 2024. Kaiser HMO stays fully insured throughout. Broker of record is Peter C. Foy & Associates / PCF Insurance Services, reported on Sch C at $300,000-$330,363 a year (2016-2024).

2. Sources and method

Datasets: DOL EBSA FOIA Form 5500 'Latest' bulk datasets, https://askebsa.dol.gov/FOIA%20Files/<year>/Latest/ for dataset years 2009-2025 (dataset year = plan year). Files: F_5500, F_SCH_A, F_SCH_A_PART1, F_SCH_C, F_SCH_C_PART1_ITEM1/ITEM2/ITEM2_CODES/ITEM3, F_SCH_C_PART2/PART3, F_SCH_H (and PART1), F_SCH_I, F_SCH_D, F_SCH_D_PART1, F_SCH_G, F_SCH_R, F_SCH_SB, F_SCH_MB. The 2025 dataset has no Herbalife records yet. Herbalife filings were identified in F_5500 by SPONS_DFE_EIN = 953954565 or SPONSOR_DFE_NAME containing 'HERBALIFE' (32 filings, 2 a year), then joined to every schedule table on ACK_ID (and FORM_ID for Sch A Part I brokers). No Herbalife rows exist in Sch I, G, SB or MB, which is expected: large-plan filers use Sch H rather than I, there are no reportable Sch G items, and there is no defined-benefit plan.
Filing PDFs: the public EFAST2 Form 5500 Search index (www.efast.dol.gov/5500Search, query ein:953954565) lists 35 filings (16 for PN 001 and 19 for PN 501, including the PY2009 PN 501 amendment and the PY2025 filings received Oct 2026). Every PDF was downloaded from the public filing store (efast2-filings-public.s3.amazonaws.com/prd/...) into filings/. The PDFs include the full forms, schedules, audited financial statements and accountant's opinions (for PN 001), plus attachments.

Code key (Form 5500 instructions). Pension: 2A age/service-weighted allocation; 2E profit-sharing; 2F ERISA 404(c); 2G total participant-directed; 2J 401(k) feature; 2K 401(m) match/after-tax; 2S automatic enrollment; 2T default investment (QDIA); 3D pre-approved (M&P/volume submitter) plan; 3H leased employees. Welfare: 4A health; 4B life; 4D dental; 4E vision; 4F temporary disability; 4H long-term disability; 4L death benefits; 4Q other. Funding/benefit columns: 1 = box checked (9a/9b: insurance / trust / general assets of sponsor); blank = not reported. The PN 501 checks only 'insurance' every year, even though Sch C and Sch A show self-funded medical from 2016 on. Many wrap-plan filers report this way, but strictly the self-funded claims are paid from general assets. Participant-count note for PN 501: the 2022 figure (2,823 EOY) drops from 4,088 BOY. 'Signer' = name in the sponsor signature field (Plan Administrator signature).

Source: F_SCH_H columns as labeled (Sch H lines 1a-1l, 2a-2k). The 2022 net loss reflects market declines. Employer contributions run about 40-50% of participant deferrals, which is consistent with a matching formula; the exact formula is in the plan document and the audited financial statement notes in the PDFs.

Opinion codes: 1 = unmodified; 2 = qualified; 3 = disclaimer; 4 = adverse. Code 3 in 2009-2017 together with the limited-scope indicator is the typical ERISA 103(a)(3)(C) limited-scope audit (investment information certified by Principal). The full accountant's report and financial statements are in each PN 001 PDF. Sch C Part III (PY2023) lists **Marcum LLP** as a terminated accountant; the reason given is: THE DECISION WAS BASED ON THE LACK OF SERVICE PROVIDED.

6.3 Schedule R

Schedule R is filed every year, but the 401(k) testing questions are only populated for 2023-2024 (the form added them). The safe-harbor indicator = 1 means a design-based safe-harbor plan.

Indirect compensation detail (Sch C Part I item 3): PY2014: PETER C FOY & ASSOCIATES INSURANCE 36,550 paid by PRINCIPAL LIFE INSURANCE COMPANY; PY2015: PETER C FOY & ASSOCIATES INSURANCE 26,129 paid by PRINCIPAL LIFE INSURANCE COMPANY; PY2016: PETER C FOY & ASSOCIATES INSURANCE 16,391 paid by PRINCIPAL LIFE INSURANCE COMPANY; PY2017: PETER C FOY & ASSOCIATES INSURANCE 13,658 paid by PRINCIPAL LIFE INSURANCE COMPANY; PY2018: PETER C FOY & ASSOCIATES INSURANCE 7,203 paid by PRINCIPAL LIFE INSURANCE COMPANY; PY2019: PETER C FOY & ASSOCIATES INSURANCE 7,384 paid by PRINCIPAL LIFE INSURANCE COMPANY. In 2014-2015 Cigna listed several network/vendor payors with $0 indirect compensation. Notes: the PN 001 Peter C. Foy indirect compensation (2014-2019) was paid by Principal. Newport Group (2020-2024) was paid directly as investment adviser. The PCF/Marcum/Newport role labels are as filed (e.g., Newport is shown as ACCOUNTANT in 2021). Optum Rx in 2024 ($7,608,718 direct) is the pharmacy benefit manager for the self-funded plan; that figure likely includes pass-through drug cost.

8. Herbalife Benefit Plan (PN 501) - insurance contracts (Schedule A)

Premium/charges = WLFR_TOT_CHARGES_PAID_AMT (Part III line 9, non-experience-rated: total charges paid to the insurer) or, when blank, WLFR_TOT_EARNED_PREM_AMT (line 10 experience-rated earned premium). The 'UHC performance guarantee' rows (2017-2024) are UnitedHealthcare ASO-related amounts reported on the experience-rated line, not insured medical premium. In 2024 that amount ($1,216,647) equals UHC's Sch C claims-processor compensation. Year totals therefore are not 'insurance premium' in the strict sense.

9A. Analysis: why the welfare premium total fell, and why broker commissions are low

TOTAL	14,484,820	10,515,552	-3,969,268		

Facts (from the filings):
1. The total fell from $14,484,820 to $10,515,552 (-$3,969,268). The UnitedHealthcare 'performance guarantee' line (contract 906457, experience-rated line) fell from $4,176,675 to $1,216,647 (-$2,960,028). That single line accounts for about 74% of the decline.
2. Stop-loss moved from UnitedHealthcare (contract 906457: $3,183,436, 3,464 covered) to Everest Reinsurance (SL20000315-241: $2,670,118, 1,983 covered), -$513,318.
3. Kaiser HMO fell from $1,860,075 to $1,711,080 (covered 356 to 292). Disability and Life/AD&D (LINA) fell by about $236K and $177K, with covered persons going from 2,516 to 2,267. Dental and vision were roughly flat. Voluntary supplemental (Continental American) rose $86,908 even though reported covered persons fell from 940 to 235.
4. Welfare participants (Form 5500 line 6, end of year): 2009: 1258, 2010: 1279, 2011: 1357, 2012: 1391, 2013: 1631, 2014: 2046, 2015: 2694, 2016: 2328, 2017: 2360, 2018: 2533, 2019: 2769, 2020: 3989, 2021: 4088, 2022: 2823, 2023: 2516, 2024: 2267. EOY participants fell 4,088 to 2,823 (2022), to 2,516 (2023) and to 2,267 (2024), and the PY2025 filing shows 2,267 at the beginning of the year. 401(k) active participants fell from 3,071 (2021) to 2,229 (2024).
5. There was no change in plan year (1 Jan-31 Dec every year), no short-plan-year or final-filing flag, and the Form 5500 line 9 funding codes did not change (insurance checked every year). UHC remained the claims processor in 2024 (Sch C $1,216,647, the same as the performance-guarantee line). Optum Rx appears for the first time in 2024 as PBM ($7,608,718 direct, $13,296 indirect).
6. Public sources: Herbalife started a Restructuring Program in Q1 2024 to 'streamline the employee structure'. It was substantially complete by 30 Jun 2024 with about $70M of mostly severance costs (Herbalife Q2/Q3 2024 releases; SEC 8-K Ex. 99.1). California WARN notices from Herbalife International of America (Torrance and Los Angeles, Apr-Jun 2024) total about 1,831 workers across 50 notices (laborcurrent.com and warnscan.com aggregations). Herbalife sold its Torrance building in July 2024 with a leaseback. The separate 2021 'Transformation Program' (technology and realigning function locations) was substantially completed in 2024 (2024 10-K).
Inferences (mine, not stated in the filings): (a) Most of the 'drop' is a reporting artifact. The UHC performance-guarantee/ASO amount is not insured premium, and in 2024 it appears to be reported as just UHC's admin compensation, whereas 2017-2023 amounts were larger and may have included other experience-rated items. Excluding that line, insured premium plus stop-loss fell about 10% ($10.31M to $9.30M). (b) The rest is consistent with lower headcount: about a 10% fall in covered lives on life/disability, and Kaiser/stop-loss covered counts falling, in line with the 2023-2024 workforce reductions. The WARN total exceeds the participant decline, which suggests many affected workers were not benefit-eligible or that the counts differ in timing and definition. (c) Remarketing stop-loss to Everest Re probably lowered the stop-loss premium (rates and specific deductibles are not disclosed). Fewer reported stop-loss covered persons may also reflect counting employees rather than members. (d) Self-funded medical/Rx claims themselves (the largest real cost) are never on Schedule A, so the Schedule A totals understate Herbalife's total health spend. Optum Rx's $7.6M in 2024 hints at the scale of pharmacy cost alone.

B. Why reported broker commissions are low

Facts:
1. Schedule A Part I lists Peter C. Foy & Associates as broker on almost every PN 501 contract from about 2016 with commission $0 and fees $0. Total Sch A commissions fell from $552K-$790K a year (2009-2015, mostly insured medical, life and dental contracts) to $0-$9K (2016-2019). From 2020 on, almost all remaining Sch A commission is on Continental American/Aflac voluntary contracts ($52K-$147K; in 2024 $72,016 with the broker name blank).
2. Schedule C (PN 501) lists Peter C. Foy & Associates as 'insurance agent & broker' with service code 22 and compensation of $300,000 (2016, 2017), $307,500 (2018, 2019), $316,000 (2020-2022; reported as direct in 2021), $325,480 (2023) and $330,363 (2024). Every year except 2021 it is reported as *indirect* compensation. Schedule C defines indirect compensation as compensation received from sources other than the plan or plan sponsor. The EIN changed from 954281021 to 821368960 in 2024.
3. On the 401(k), Peter C. Foy received indirect compensation from Principal of $36,550 (2014), falling to $7,384 (2019). In 2020 'PCF Insurance Services' was paid $12,500 direct as investment advisory. Newport Group was paid $55,000 (2020-2022) and then $41,250 (2023-2024) direct.
4. 2024 Sch A Part I adds WEX (commissions of about $798-1,044 plus about $3,298-4,000 'service fees' per LINA contract) and PCF Insurance Services of the West (fees labeled 'overrides': $25,052 life, $17,105 LTD, $13,965 STD, $4,926 AD&D, small NJ/NY amounts). This totals $78,035 commissions and $77,426 fees.
5. Corporate background (public): Peter C. Foy founded Peter C. Foy & Associates in 1987. It is the legacy agency of PCF Insurance Services; PCF was not acquired by a third party broker. BHMS Investments invested in 2017, HGGC acquired PCF in April 2020, and the firm is now branded Trucordia (trucordia.com; PR Newswire 30 Apr 2018 and 1 Apr 2020).
Inferences: (a) Foy/PCF appears to work on a negotiated flat compensation of about $300-330K a year rather than per-contract commissions. Because Sch C labels it indirect, it is most likely paid through carriers or vendors (e.g., a fee built into premiums or ASO fees and remitted by UHC or the insurers) rather than invoiced to Herbalife. That would explain the $0 on each Sch A line while the total shows on Sch C. If instead Herbalife paid Foy directly from corporate funds, it would usually not be reportable at all, so the actual total could be higher than what is filed. (b) The 2016 drop in Sch A commissions coincides with the move to self-funding. ASO fees and claims are not insurance contracts, so nothing for them appears on Sch A. Stop-loss is an employer contract that is often net-of-commission or placed fee-based, and broker comp on it is often not itemized. (c) The 2024 PCF 'override' fees and WEX service fees look like carrier or vendor-paid incentive/administration payments now being itemized (possibly after the EIN/entity change), not a new commission arrangement. (d) None of these figures includes any consulting fee that Herbalife may pay outside the plan.

9. Funding arrangement and who pays

Self-funded vs insured (PN 501). 2009-2015: medical contracts (PacifiCare/UHC, Anthem Blue Cross, Cigna, Kaiser) are on Sch A with charges paid, which indicates fully insured medical. 2014-2015 Cigna is also listed on Sch C as 'claim administrator' (about $6K a year) alongside insured Cigna contracts. From 2016: UnitedHealthcare Services is the claims processor (Sch C), and UHC stop-loss appears from 2016 (Everest Re in 2024). The large insured UHC medical contracts disappear, leaving only a small UHC contract 912837 (about 12-18 covered persons). Together these indicate a **self-funded (ASO) PPO medical/Rx plan with stop-loss**. Kaiser HMO, dental (Aetna/Cigna DHMO), vision (VSP), life/AD&D/disability (LINA/New York Life, earlier MetLife/Sun Life) and voluntary supplemental (Aflac/Continental American) remain insured. Form 5500 line 9 still checks only 'insurance' for funding and benefits.
Employer vs employee contributions. The 401(k) Sch H separates employer contributions (line 2a(1)(A)) from participant deferrals (2a(1)(B)) and rollovers (2a(1)(C)). See section 6. Welfare-plan Form 5500 filings without a Sch H do **not** disclose the employer/employee premium split. The filing PDFs may contain a summary or attachment; anything beyond the Form 5500 (e.g., SPD contribution tables) is not in these sources. The Continental American / Aflac voluntary products are typically employee-paid, but the filing does not state that.
Broker compensation. Peter C. Foy & Associates (later PCF Insurance Services, the same EIN 954281021, and a different EIN 821368960 in 2024) is the broker. Sch C shows indirect compensation of $300,000 (2016-2017), $307,500 (2018-2019), $316,000 (2020; 2021 shown as direct; 2022), $325,480 (2023) and $330,363 (2024). On Sch A, Foy shows $0 commissions on most contracts, i.e. it is paid a fee rather than commission. Commissions on Sch A were large before 2016 (for example $552,287 in 2009 and $790,145 in 2011, summed across carriers). In 2024, WEX and PCF override fees appear on the LINA contracts.

10. Caveats

• All data are self-reported by the filer and posted by DOL without audit. Carrier names, EINs and role labels are reproduced as filed (with inconsistencies such as LINA's EIN on 'New York Life Group Benefit Solutions').
• 'Latest' datasets carry the latest filing per plan year. PY2009 PN 501 is the 2012 amendment.
• PY2025 filings (received 5 and 7 Oct 2026) are in filings/ as PDFs, but they are not yet in the DOL bulk datasets and are not machine-extracted here. The only PY2025 figures quoted (PN 001 EOY assets $462,369,403; BOY participants 3,033; PN 501 BOY participants 2,267) come from the EFAST2 search index.
• Schedule A premium category grouping is my classification, based on the benefit-type indicators and free text.
• Sch C covers only providers receiving $5,000 or more. Self-funded medical claims paid by Herbalife are not reported anywhere in these filings.
• The benefit-code legend reflects the Form 5500 instructions; verify against the instructions for the specific year if precision matters.
